TO GROW HAIR ON A BALD HEAD

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless. The following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist. Buy Runon's 6 ounces; Laxona de Composee, 2 ounces; Menthol Crystals, one-half drachm. If you wish it framed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless as it contains none of the poisonous wood alcohol so frequently found in hair tonics.—Advertisement.

HEALTH RESTORED BY ECKMAN'S ALTERNATIVE

If you are a sufferer from Glaucoma, Tuberculosis, or know of anyone so afflicted, it might be well to investigate this case, where the writer declares after a year of suffering, he found permanent relief and full recovery of health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

252 Lexington St., Phila., Pa.
"Gentleman: In March, 1909, my doctor pronounced my case 'Tuberculosis in the Glands' and a number of operations in a hospital failed to benefit me. In the meantime, a friend of mine advised Eckman's Alternative. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles I found I was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine I had three hemorrhages; since I have been taking it I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I highly recommend Eckman's Alternative to anyone who is suffering from Glaucoma, Tuberculosis, or any other disease."
(Affidavit) JOSEPH B. WHITE.

(Above abbreviated; more on request.)
Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colic and in up-building the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by Kelly & Pollard, Knickerbocker Drug Co., People's Drug Store and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet, list of retailers and additional evidence.—Advertisement.

The freedom of the press is one of the institutions of this country and as such will ever exist, and rightly so," he continued. "And no one believes in this more than do the courts. It was but recently that the courts, rightly and justly, against terrible pressure, prevented the dragging of editors, one of them nearly a thousand miles, to make answer to an alleged libel. One recital in the declaration of independence against England, was to the effect that Americans were carried beyond seas for trial. When a court in Washington city, backed by strong pressure, and great power, sought to drag a New York city and an Indianapolis editor to Washington city, because of editorials with reference to the Panama canal, it was the courts that stamped it as an outrage, and decreed that such oppression could not exist in a free country. The literature found in the published reports of the courts show that the newspapers, their editors and publishers will not plead in vain for protection by the courts. This protection will be given because it is just that it should be so. And the courts should be freely considered by the press.

Yellow Journals Scored.
"In speaking of the press, I have but little to say about the scandal-mongers and the so-called 'yellow' journals. They are outlaws, and are entirely beyond the pale of respect by the courts and decent citizens generally. We judges have no remedy as against them. It is left to the public to bring actions, either civil or criminal, for libel, because such actions are expensive, and usually ludicrous if not farcical. Most newspapers, like most men, are sincere as to their utterances. Their unfair criticisms come from lack of information. They are too impatient to strike."

Judge McPherson said the better class of newspapers and magazines of the country are often of great aid to the courts in bringing about desired reforms and court procedure. Continuing, he declared that there are too many receiverships, with attorneys for the complaining party directing the officers.

"The newspapers," he said, "as yet, with few exceptions, do not seem to have grasped this evil, real or supposed, sometimes it is a real evil, sometimes it is only a supposed evil, but generally subjecting the courts to a harmful criticism. If this matter were given greater publicity and the reasons for and against receivers, the result would be for the public good, as well as for the good of interested parties."

"The one weakness of the newspapers lies in the fact that too many newspapers predetermine a fixed policy of such paper, and determine in advance whether the holding of the courts, if one way or the other, shall be commended or disapproved, and then the matter is taken up by some editorial writer whose name is not known to the public."

MEXICANS MAKE DUTIES HARDER

Men of Second Cavalry Are
Eager for Prisoners to
Be Transferred.

The men of the second cavalry, stationed at Fort Bliss, are anxiously awaiting an order for the release of the Mexican federal soldiers held there because their presence means hard guard duty and plenty of it. The second cavalry came to El Paso on June 12, 1912, from the Philippine islands. The men are pleased with Fort Bliss as a post and one of the non-commissioned officers said Wednesday: "Soldiers are treated as well in El Paso as in St. Paul, and the latter city is recognized as the best place in the country for a soldier."

The men of all arms of the service are looking forward to the encampment at Leon Springs, where contests will be held. One rifle shot and one pistol shot from each troop of the cavalry will be sent and one pistol shot from the signal corps will be sent to the Philippines and some of these branches of the service not using rifles.

Fine is Fine Shot.
Sergeant Mont L. Fine, of company I, of the signal corps, is one of the best pistol shots in the army. He won the gold medal in the Philippines last year, making an excellent showing. However, he has been ordered to duty in the Philippines and will be transferred from company I, of the signal corps, to the fifth artillery.

Discharged Tuesday. Recruits Wed. of the signal corps, was discharged Tuesday after 14 years of service, and transferred from company I, of the signal corps, to the fifth artillery.

Examinations for Gunners.
Examinations for gunners of Battery C, of the sixth horse field artillery, were held at the post Monday and Tuesday and 29 of the 76 who took the examination passed at first class gunners. The men of the battery are kept busy training the 18 new horses they received last week.

New Work to Start.
The rigging for the new well on the reservation is up and boring will start in a few days. The contract for the construction of the target butts has been let to Mayfield and Shaw that for sinking the wells to R. Hawkins while Alexander Campbell has been awarded the contract for the erection of the target butts.

Is Made First Lieutenant.
Second Lieut. Alexander Jones has been notified of his appointment as first lieutenant, and left Wednesday evening to join the third cavalry at Fort Sam Houston. He has been attached to the 13th cavalry on the border.

ENGINEERMAN ON THE E. P. & S. W. ROAD

Carried Plant Juice to Sick
Man at the End of Run
in Arizona.

"A friend in need is a friend indeed," and that is the kind of friend that Engineer J. J. Bloomer is to a man at Douglas, Arizona. Mr. Bloomer lives at 2116 Myrtle avenue. This is his story:

"I am getting this bottle of Plant Juice to take to a friend at Douglas, Arizona. That is the end of my run on the El Paso and Southwestern. He is losing flesh and strength and I believe Plant Juice will build him up. I know it is great, for I have used nearly a bottle myself for constipation and stomach trouble. It was in a pretty bad way. Would bleed after meals and suffered a great deal. The Plant Juice acts on my liver and gives me a natural action. It is fixing my stomach fine too. It seems to build up right from the start."

Plant Juice is purely vegetable. It is the greatest known combination of juices of medicinal plants of the earth. It is an immediate specific for constipation and in fact for all derangements of the stomach, liver, kidneys and blood. Constipation causes a great deal of sickness. Masses of decomposed food in the intestines generate a poisonous gas like sewer gas, and it poisons in the same way. Plant Juice clears the liver, purifies the circulation, removes the causes of indigestion and in fact is a perfect remedy for all derangement of stomach, liver, kidneys and blood. Call at Kelly-Pollard and get a bottle today.—Advertisement.

Mammy now uses Calumet Baking Powder instead of sour milk and soda, or the cheap big-can kind, because it is more convenient—because she knows from experience that the baking will be lighter, daintier and more uniformly raised—that it will keep fresh longer.

Calumet is certain of good results—it is purer and more wholesome than the cheap big-can kind, and more economical in the end.

Give Calumet one trial. If it fails to give you absolute satisfaction return it and get your money back. If you don't get Calumet you don't get the best.
